**Issued to:** CLEVER SYSTEMTECHNIK GMBH  
KIRSCHENLEITE 17  
91220 SCHNAITTACH GERMANY

**This is to certify that  
representative samples of**

COMPONENT - REPACKAGED RECOGNIZED  
COMPONENTS CERTIFIED FOR CANADA  
Repackaged Recognized Components Certified for Canada

Have been investigated by UL in accordance with the  
Standard(s) indicated on this Certificate.

**Standard(s) for Safety:**

The basic requirements used to investigate products in this  
category are referenced in [Repackaged Product Program  
Requirements](#) at [www.ul.com](http://www.ul.com).

**Additional Information:**

See the UL Online Certifications Directory at  
[www.ul.com/database](http://www.ul.com/database) for additional information

Only those products bearing the UL Recognized Component Mark for Canada should be considered  
as being covered by UL's Recognition and Follow-Up Service meeting the appropriate Canadian  
requirements.

The UL Recognized Component Mark for Canada consists of the UL Recognized Mark for Canada:  
 and the manufacturer's identification and catalog number, model number, or other product  
designation as specified under "Marking" for the particular Recognition as published in the  
appropriate UL Directory.

Recognized components are incomplete in certain constructional features or restricted in  
performance capabilities and are intended for use as components of complete equipment submitted  
for investigation rather than for direct separate installation in the field. The final acceptance of the  
component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Recognized Component Mark on the product.

William R. Carney, Director, North American Certification Programs
